EDUCATION

Bachelor of Business Information Technology (BBA)
Häme University of Applied Sciences (HAMK) | 2023–2026
Currently in my third year of Information Technology studies at HAMK with a 4.4 GPA

Vocational Qualification in ICT
Luksia, Lohja | 2019-2022
I studied to become an ICT support technician at a vocational school, achieving grades of 4–5 (on a scale of 1–5) in vocational courses.

ABOUT ME

Motivated IT student specializing in web and backend development with hands-on experience in full-stack projects and AI-driven applications. Known for fast learning, practical problem-solving, and a proactive approach to development and testing. Seeking opportunities to apply technical and creative skills in real-world projects.

PROJECTS

Agentic automation - Thesis

Currently working on my Bachelor's thesis for Triplan Oy on agentic automation. The work includes comparing automation platforms and developing a Proof-of-Concept prototype using the n8n automation platform.

OAI-PMH Provider Prototype for Triplan Oy

Reference Contact - Joni Turunen, +358 40 451 5514

Worked as part of a student team developing a OAI-PMH provider for Triplan Oy, integrating their REST API with Finna's harvesting system using Java Spring Boot.

AI-Based Invoice Assistant - Github - Demo

Reference Contact - Mazhar Mohsin, +358 40 836 8023

As part of the BIP Smart Everything course ogranized in Spain, we developed an AI-based program capable of answering questions and generating JSON/PDF summaries from invoices.

Movie Review Website and Mobile App

A full-stack project where users can read and post movie reviews. Built as a Backend course final project, extended with a React Native mobile app.
Website/Backend Github - React Native Github

Lohjan voimisteluklubi ry - Website

In vocational school, we developed a website for the client as part of our internship.

Personal Portfolio

My personal portfolio showcasing my work and growth.

EXPERIENCE

Cashier

Sillin Talli Ky - (part-time)

11/2019–08/2025

Reference Contact — Eelis Norja, 0440828073

Worked at a gas station and at a rest stop. Responsibilities included cashier tasks, updating cash register and inventory systems, balancing the cash register, receiving deliveries, and stocking products.

Seasonal Sales Assistant

M. Landen Oy

04/2019–08/2019

Sold electronics, managed shipments, stocked shelves and handled postal services for Posti.
