## EDUCATION

**Bachelor of Business Information Technology (BBA)**

**Häme University of Applied Sciences (HAMK) | 2023–2026**

Currently in my third year of Information Technology studies at HAMK with a 4.32 GPA

**Vocational Qualification in ICT**

**Luksia, Lohja | 2019–2022**

I studied to become an ICT support technician at a vocational school, achieving grades of 4–5 (on a scale of 1–5) in vocational courses.

## ABOUT ME

Motivated IT student specializing in web and backend development with hands-on experience in full-stack projects and AI-driven applications. Known for fast learning, practical problem-solving, and a proactive approach to development and testing. Seeking opportunities to apply technical and creative skills in real-world projects.

## EXPERIENCE

### Cashier

*Sillin Talli Ky - (part-time)*

11/2019–08/2025

**Reference Contact — Eelis Norja, 0440828073**

Worked as seasonal worker at gas station and at a rest stop. Responsibilities included cashier tasks, updating cash register and inventory systems, balancing the cash register, receiving deliveries, and stocking products.

### Seasonal Sales Assistant

*M. Landen Oy*

04/2019–08/2019

Sold electronics, managed shipments, stocked shelves and handled postal services for Posti.

## PROJECTS

### AI-Based Invoice Assistant - [Github](#)

As part of the BIP Smart Everything course organized in Spain, we developed an AI-based program capable of answering questions and generating JSON/PDF summaries from invoices.

### Movie Review Website and Mobile App

A full-stack project where users can read and post movie reviews. Built as a Backend course final project, extended with a React Native mobile app.
